WEDNESDAY MORNING, JANUARY 18, 1865

News of To-Day.

At length our dispatches contain news that atones for the defeats heretofore experienced before Wilmington. The army under Major Gen. Terry with the aid of the sailors and marines of the Navy captured Fort Fisher on the evening of the 15th. The key of Wilmington is ours, and we may look for other stirring movements of the same army in prosecuting the advantages thus attained.

Blair's visit to Richmond seems to have been entirely unconnected with public affairs, and the report that the rebels have several regiments of slaves in the field goes to show that they are not ready for peace, though other intelligence from there gives information that a peace sentiment prevails largely among the people of that city. Should the capture of Fort Fisher result in the fall of Wilmington, that event will materially assist the Union sentiment of North Carolina in making itself understood.

A New Hegira.

Foote and Mrs. Foote, leaving the dust of the Confederate capital behind them, struck out for Washington. Richmond became too warm for him after his denunciation of the rebel President and expose of the tyranny of the rebellion. John Mitchell wanted to try him at swords' points, where, by the by, Foote had been tried already three times before, and the natural inference is that Jefferson D. forgot him when dispensing delicacies, for rumor says that even yet, Confederate favorites are nourished by luxuries that are judiciously distributed by the dictatorial powers that be.

Commencing life in Virginia, it is remarkable that H. S. Foote has been less a fire-eater, and more a conservative than would have been expected of a Democratic politician. Born in 1800, he was educated for the law, removed to Mississippi where he was for a while an editor. At the age of 47 he was Senator from that State, in which capacity he advocated the Compromise measures of 1850 with considerable effect. In that year he became the Union candidate for Governor of Mississippi, and was elected by 1,000 majority over Jefferson Davis, his competitor at that time. The probability is that the rebel President bears him no great amount of love for it to-day. Removing to California in 1854, he resumed there the practice of law and entered into politics as a champion for the Know Nothing cause. At the Presidential election in 1856, he supported Fillmore, and returned to Mississippi in 1858, taking up his residence at Vicksburg. In May, 1859, he attended the Southern Convention held at Knoxville, where he took strong ground in favor of the Union, making anti-disunion speeches there.

When the rebellion broke out he seemed to forget his Union proclivities, and we find him engaged in the work of treason with all the zest that infests new converts to any belief. In the rebel Congress he was booked as Senator from Tennessee, though we cannot see how it came to pass that he was taken up in such short acquaintance by that State. His speeches made in the rebel Senate have been from time to time noticed in the OREGONIAN, and breathe nothing but defiance, while he has ever scouted the possibility of restoration, and treated with contempt any idea of a peace not based on independence. Time, tyranny and treason have at last satisfied even Foote, who, trimmer, temporizer and demagogue as he is, finds it hard to appreciate a despotism that has no benefits for him, or to have his privilege of spouting in any respect curtailed. Foote is a politician of the sensation school, and true to his instincts and antecedents, he gathered his penates and attempted an exodus from the rebel lines. No doubt he remembered the flesh pots of Egypt, or rather the good old time of Federal Union, and longed for a taste once more of the substantial protection as well as the wholesome comforts of Union civilization.

He seems to have been pursued within our lines and captured by vindictive rebeldom, and has been returned to Richmond for Jefferson D. to glut his vengeance upon, while Mrs. Foote, "like Niobe all tears," has wended her disconsolate way to Washington. The telegraph tells us that President Lincoln has signified to the Confederate dynasty that they must use him well, or that he will retaliate for any harm that may be done him. It is true that Foote's course has not entitled him to any great amount of consideration at our hands, but it may be possible that the President accepts the effort to seek our lines as virtual acceptance of his offered amnesty, and intends to secure him respectful treatment. It is certain that when the current of revolution ran tolerably smooth, Foote swam lightly with it, and had it indeed succeeded, he would no doubt have claimed to be the God father to the new born child. While his last movements are significant of the breaking up process going on at Richmond, it is not necessary that we should mourn very bitterly at his uncertain fate.

FENIAN BROTHERHOOD IN CANADA.—The people of Canada have become very much alarmed at finding that there is in their midst an organization known as the Hibernians, and which is identical with the Fenian Brotherhood. The Canadian border towns now have some fellow feeling for their American neighbors when the fires of civil strife are suddenly discovered glowing beneath the foundations of their own political organism, and an armed political organization threatens the peace and security of the State quite as formidable as the machinations of rebel outlaws and their Canadian confederates are to the towns upon our northern frontier.

NEWSPAPERS ON THE COAST.—We see by the Pacific Almanac that California has seventy three weekly, two semi-monthly, six monthly, seven semi-weekly, three tri-weekly and eighteen daily publications. Nevada has six weekly and eight daily papers. Oregon has three daily and nine weekly papers. Washington Territory five weekly. Utah one weekly, two daily and one monthly. Vancouver three daily and weekly. Arizona one weekly.

The election returns show an increase in the number of votes of each State excepting Ohio, which is accounted for by the fact that her soldiers did not vote. Add her soldiers in the field to the votes cast there, and her increase is equal to the rest.

[SPECIAL DISPATCH TO THE OREGONIAN.]

DATES TO JANUARY 16.

Butler's Report of the attack on Wilmington.

NEW YORK, Jan. 16.—The following is an abstract of Butler's report of the Wilmington expedition, which has been received. After embarking the forces on transports they were detained [illegible] from the 9th to the 13th of December, waiting for Porter's fleet. He arrived at the rendezvous off New Inlet on the evening of the 15th, where he waited until the 18th, when Porter arrived.

On the 18th the wind springing up made it impossible for Butler to land his troops, and by the advice of Porter the transports returned [illegible] for four days, the wind blowing a gale, during which time the transports [illegible].

At four in the afternoon of the 24th Butler with his transports advanced in sight of Fort Fisher and found the navy all engaged bombarding it. The powder vessel having been exploded the morning before, arrangements were then made by Butler [illegible] next morning two or three miles above Fort Fisher under cover of the guns [illegible] the fire of Half Moon and Flag Pond Hill batteries had been silenced.

At this time Porter was sanguine he had silenced all the forts, and was urged that if it were so to run by the Fort into Cape Fear river, when the troops could land and hold the beach without fear of being shelled by the rebel gunboats. Porter replied that he would probably lose some gunboats by torpedoes in the attempt to run by. He was reminded that the army might lose a few hundred men by the assault, and that his boats would not weigh much in the balance with the loss of these men. Porter declined going by, and the expedition was deprived of this essential element of success. On the 25th the batteries were reported silenced and the transports successfully landed their troops. Curtis' brigade was pushed within a few hundred yards of Fisher, capturing Half Moon battery and its men. The skirmish line was then advanced to within seventy five yards of the Fort. The garrison was kept in bombproof by the Navy fire. A personal examination by Butler of the Fort showed it well protected by extensive stockade [illegible] fifteen feet high and fifteen feet wide, and that no material damage had been done the Fort by the Navy during this time.

Ames' division captured a number of prisoners who reported two brigades of Hoke's division within two miles of the rear of his forces, and the skirmishers being actually engaged, the remnant of Hoke's division arrived from Wilmington and were on the march, thus forming a force outside the fort superior to Butler's. At this time Weitzel reported to Butler that to assault the works with any prospect of success was impossible. This opinion coincided with Butler's. He ordered the troops to re-embark, and while preparations were making, the fire from the navy having ceased, the guns of the fort were manned and a sharp fire of musketry, grape and canister swept the plain over which our columns must have advanced. On the 26th, having made all needful dispositions as to getting the troops on board, orders were issued to the fleet to sail for Fortress Monroe. General Butler states that he learned from deserters and prisoners that the supposition when the expedition was planned, that Wilmington was denuded of troops to oppose Sherman, was correct, so that at the time of the arrival of the army off Wilmington there were less than 400 men in Fort Fisher and less than 1,000 in twenty miles, but the delay of three days in waiting for the arrival of the navy, and further delay by the storm of the 21st, 22d and 23d, gave ample time for reinforcements to arrive from Richmond, which was the immediate cause of failure on the part of the expedition. Gen. Grant's endorsement of the report is that it was never contemplated that Butler should accompany the expedition, Gen. Weitzel having been specially named as commander.

Another Fleet Before Wilmington.

NEW YORK, Jan. 16.—Deserters from Wilmington state that Fort Fisher was garrisoned by unwilling conscripts at the time of the attack, who were anxious to surrender the fort had an opportunity been offered.

WASHINGTON, Jan. 16.—The rebel papers contain an official dispatch, dated Wilmington, the 14th, which says about fifty Federal vessels are in sight. They are mostly opposite the point of the former landing, with fair weather and a smooth sea. The same paper says there are no developments to-day relative to Blair's mission. His movements even are kept from the public.

BALTIMORE, Jan. 16.—The Richmond *Examiner* of Thursday, the 12th, says: Upwards of fifty Yankee gunboats are again visible off Wilmington, and were yesterday said to be shelling the woods near Fisher.

There is also a rumor that the Yankee land forces have commenced an attack upon the fort, but the War Department has no intelligence of it.

The Lynchburg (Va.) *Republican* says: A few days since, sixty men of Mosby's command attacked near Berry's Ferry a force of one hundred and twenty Yankees, and in a close fight, without the loss of a man, captured seventy of them and killed and wounded forty five.

Blair's Return from Richmond.

WASHINGTON, Jan. 12.—The *Republican* says a private dispatch from City Point announces that Blair returned from Richmond yesterday, and left immediately for Washington.

NEW YORK, Jan. 17.—The *Herald's* special says that Blair's sole business to Richmond was to recover a number of important private papers, title deeds, &c., taken from his house when the rebels were near Washington. He was very kindly received and had a frank and full conversation with Davis and a number of others, but they resulted in nothing definite. Ex-Gov. Jacob, of Kentucky, who returned with Blair, reports a strong peace feeling among the citizens of Richmond, and even among the officers of higher grade. He predicts the cessation of hostilities within two months, and a proposal for peace from the rebel government. This is in contradiction of the indications shown in the fact reported by an officer from North Carolina, who says the rebels have three regiments of freed slaves in the field.

A special to the *Herald* says Blair reported to the President that he had no official message to communicate to him from the rebel government. So far as known he found the talk in Richmond the same as put forth in the papers of that city.

Foreign.

NEW YORK, Jan. 17.—Advices from Hayti announce that President Geffrard has proclaimed that the revolution is vanquished and order restored.

The death sentence passed on traitors has been commuted.

Further Particulars of the Assault and Capture.

FORT FISHER, 2 o'clock A. M., Jan. 16.—After a careful reconnoissance on the 14th it was decided to risk an assault on Fort Fisher. Paine's division, with Col. Abbott's brigade, held our line, already strong, well across the peninsula and facing Wilmington against Hoke, while Ames' division should assault on the west end. After three hours heavy naval firing the assault was made at three o'clock in the afternoon of the 15th. Curtis' brigade led, and as soon as it was on the west end of the land front it was followed by Pennybacker and Bell's brigades, and after desperate fighting, gaining foot by foot and with severe loss, at five o'clock we had possession of about half the land front. Abbott's brigade was then taken from our line facing Wilmington and put on to Fort Fisher, and on pushing it forward at ten o'clock it took the rest of the works with little resistance, the garrison falling back to the extreme of the peninsula, where they were followed and captured. I hope our loss will not exceed five hundred, but it is impossible to form a correct estimate in the night. Among our wounded are the commanders of the leading brigades, Gen. Curtis slightly, Cols. Pennybacker and Bell dangerously. The land front was a formidable parapet, in places being fifteen feet high, but the men went at it under a severe musketry fire. The marines and sailors marched up gallantly, but the musketry from the east end front was so severe that they did not succeed in entering the works. The navy fire during the bombardment, judging from the holes in the works, must have been terrific. Many guns were injured. I cannot say how many, perhaps thirty or forty.

Chief Engineer.

Rebels Arming Slaves—Dutch Gap Canal Finished.

NEW YORK, Jan. 16.—The *Times'* Washington letter says: The rebels have commenced arming the negroes, and it is certainly known in Washington that there are five black regiments in Richmond.

A correspondent of the Philadelphia *Press* says: Since the first explosion in Dutch Gap Canal two more explosions have occurred with good results. [illegible] of the dirt was blown [illegible] the canal [illegible] the explosion [illegible].

Capture of Fort Fisher—Report of Maj. Gen. Terry.

NEW YORK, Jan. 17.—Headquarters Federal Point, N. C., Jan. [illegible].—I have the honor to report that Fort Fisher was carried by assault this afternoon and evening by Gen. Ames' division and the second brigade of the first division of the twenty fourth army corps, gallantly aided by a battalion of marines and seamen from the navy. [illegible] The brigade first effected a lodgment upon the parapet [illegible]. All the works south of Fort Fisher are now occupied by our troops. We have not less than twelve hundred prisoners, including Gen. Whiting and Col. Lamb, commandants of the fort. I regret to say our loss was severe [illegible]. I am not yet able to form an estimate of the number of casualties.

Brev. Maj. Gen. Commanding.

NEW YORK, Jan. 17.—Gold 216.

Miscellaneous.

NEW YORK, Jan. 17.—Ten alleged rebel pirates and incendiaries have been arrested by the officers under Gen. Dix and Superintendent Kennedy. They were under the leadership of Capt. Bell, and were captured on the Northern border. They will be tried by court martial at Fort Lafayette.

BENNINGTON, Vt., Jan. 16.—The boiler of the Pioneer Machine Shop at this place exploded this morning, killing seven and badly wounding three. The loss is estimated at $25,000.

ST. LOUIS, Jan. 16.—An officer from Clifton, Wayne county, Tennessee, where he left General Thomas on the 14th, says: No active operations were expected for several days, as heavy rains had rendered the roads impassable. It is believed that Hood's army is moving [illegible], Forrest's cavalry covering the retreat. Our army is well supplied.

The Richmond *Dispatch* of the 13th says [illegible] is still at [illegible] awaiting orders. The *Dispatch* also says that Gen. D. H. Hill has gone with Beauregard to Montgomery, Ala., to communicate with Hood.

The Maine Frontier.

BELFAST, Me., Jan. 17.—Two companies of the State Guard arrived here yesterday, and to-day proceeded to the batteries, and in view of the recent Canadian [illegible] the coast and frontier of Maine [illegible] prepared for emergencies. Companies have been sent to Castine and Machias.

The *Alta* and the *Union* make [illegible] extracts from the able report made by Senator [illegible] of Oregon during the last session [illegible] showing the Oregon side [illegible] interest in the [illegible] work [illegible] accomplishment.

PUBLIC DEBT.—The [illegible] says [illegible] the Union [illegible] as we have [illegible] will be much obliged. The Willamette Valley Railroad.—"I would like to hear from you about the general news of the city, and more particularly of the railroad enterprise. I think some stock will be taken in Lane and Benton counties. I was at Corvallis a short time since, and mentioned the subject. It was received quite favorably, and if it is desirable, a little effort will gain the influence of most of the leading men of wealth in the counties." The writer of the letter from which this is extracted, is a gentleman extremely well posted and one who, with his friends, commands a large amount of capital. Similar letters are almost daily received and we had hoped to give them a definitely favorable answer. Latterly we have heard but little in regard to the matter from its Portland friends. The incorporators of the Willamette Valley Railroad are among our most influential and wealthy citizens, and we were led to believe they were in earnest in regard to getting the enterprise well under way. In conversation with a gentleman who is familiar with the present condition of the affairs of the Company, we learn that it only requires a meeting of the Incorporators to pass resolutions authorizing an agent or agents to collect certain subscriptions already made, for the payment of the preliminary expenses of canvassing the valley and to employ sub-agents and incur the necessary expenses of the canvass, to present the enterprise to the public for their support. If this support is given, the road will go ahead; if not, we must wait for a better time coming. We trust that the Board of Incorporators will not let a matter like this rest while it requires so little effort on their part to set it in motion. If we understand it rightly not one dollar is added to their obligations, by this slight, yet most necessary action. We feel assured that the community of the Willamette Valley are generally impatient for action, and stand prepared to sustain and commend the work.

An Important Branch Added to our Trade.—In company with Capt. D. Burns, formerly an Oregonian, we visited an important branch of the industrial pursuits of the city, just being established under his direction, in the old flouring mill building of Col. McCraken. The establishment is designed for the exclusive manufacture of kegs and half barrels, for export to the Sandwich Islands, and elsewhere, and we learn contracts have already been made that will keep the machinery running day and night for some time. Steam was raised in the engine for the first time yesterday, and it worked perfectly satisfactory, so that by to-morrow it is expected the works will begin active operations. The machinery consists of drum saws for making staves, saws for cutting out barrel heads, and saws for making every notch in a barrel, with a capacity for cutting several cords daily. The principal material used in the manufacture can be procured in abundance, near this city, and it promises to be an extensive business, giving employment to quite a force of hands.

Recorder's Court.—Judge McCoy's levee yesterday forenoon afforded much amusement. Mrs. Horn had applied to have Mrs. Johnson bound over to keep the peace, believing that the lady had wicked intentions toward personal injuries. Mrs. *Doctor* Thayer, the landlady where Mrs. Horn *boarded*, who was brought as a witness in the case, testified: "like a good woman always does!" that she was drunk and was in the habit of getting drunk, when mixing medicines. The defendant was not proven to be a very malicious person, and was discharged. John Dosher, charged with stealing a yoke of cattle, was discharged. The action was brought at the instigation of one Giles and the testimony went to show that Dosher owned the cattle, and that the possession was restrained in consequence of a difficulty between the men. Defendant had taken them stealthily but in no way had tried to conceal the act—he merely took what was his own. A. S. Arnold was fined $25 and costs for "kicking up a muss," and in default was committed for six days. Such fellows would make good "help" for the Street Commissioner.

Broke Jail.—About seven o'clock last evening the inmates of a Chinese brothel adjoining the City Jail were considerably frightened by the bold dash through their premises of two men, who proved to be persons escaping from durance vile. One of the pair was a James Baker, committed on the 27th of December last in default of $300 bail, to appear, as a witness on behalf of the State, in a cause against Levy Tenor charged with setting up a gambling device, to be tried at the next term of the Circuit Court. The other was W. P. Yanfis, committed to await trial for petit larceny. An investigation of the premises, after the escape, showed that the prisoners had received assistance from the outside. A hammer, cold-chisel, auger, and file were found in the cell. The staple which held the bar of the door was cut out, letting them into the hall, thence they opened the back door, with a key found hanging upon the wall, and escaped into the street as above indicated.

Robbery of Sutton's Shooting Gallery.—The saloon of Mr. John Sutton, on Morrison street, in this city, was entered yeterday morning by thieves, and the contents of the money box abstracted, amounting to about $27 in coin, besides a number of pieces of silver, of not so much worth, except as relates to their antiquity. Some of these were "smooth quarters," others badly "nicked," and they may eventually result in the conviction of the thieves. The saloon was entered from the back way, by raising a window. They had probably scaled over the top of an adjoining wash house, and obtained admittance to the rear yard. When they left the premises they did so by the front door, which stood open at the time the robbery was discovered. No clue has been obtained that would lead to the apprehension of the perpetrators, although strong suspicion rests upon certain parties.

Bell Ringers.—The Willamette Theater was again crowded to its utmost last evening by pleased listeners to the performances of the Swiss Bell Ringers, though the name is hardly appropriate, as the other parts of the entertainment occupy a more prominent place than the music of the bells. Many no doubt remember Mr. Haywood, and are drawn thither by the well-known excellence of his singing, which proves as attractive now as ever, while his selections will please the most fastidious taste. The Bell Ringer's Company is certainly a success.

The Jenny Jones.—We are informed by private letter from Victoria, that the propeller *Jenny Jones* was to have sailed for Portland on the 11th inst., with a valuable cargo of merchandise. It is a long time since the *Jenny Jones*—the craft so strongly suspicioned as a pirate—made a visit to our wharves. Then she was a sailing vessel, now she is a fast steamer. We shall be glad to see her.

Steamboat Matters.—The steamer *Julia* went into "quarters" at the *bone yard* yesterday. The steamer *Wilson G. Hunt* will be in readiness to make her regular trips to the Cascades again, as soon as navigation shall be deemed expedient. The *Vancouver* made her regular trips yesterday. Large quantities of ice were still floating in the Columbia.

Secured at Home.—San Francisco papers received by mail contain accounts of the safe arrival there of Fred Zett, the absconding clerk, recently arrested in the Dalles by detective Brown of California. Sheriff Stitzel of this county, and Sheriff White of Wasco county, receive special credit for their able services rendered in his arrest.

Descent on Gamblers.—Warrants were issued yesterday for the arrest of four persons, charged with gambling. Two were arrested. One of these gave bail for his appearance at Recorder's Court this morning, and the other committed for trial.

Cheap Enough.—Upon the floor of the north door of the establishment of A. D. Shelby will be found an elegant assortment of Philadelphia heavy grain leather boots, suitable for the season, at three dollars per pair, for five days only.

Personal.—Our old friend and fellow typo Lt. H. Catley, who has lately been mustered in as Regimental Quartermaster of the First Infantry Oregon Volunteers, called to bid us good-bye yesterday, having been ordered to Fort Hoskins.

Use none but the Best.—Thousands of worthless preparations are scattered broadcast over the land, pretending to be SPECIFICS for Consumption. Some may possess a little merit, but when it is known beyond the possibility of successful contradiction that NEWELL'S PULMONARY SYRUP has accomplished all that is claimed for it, as a remedy for ALL affections of the CHEST and LUNGS, it seems little short of criminal [illegible] requiring such a remedy to waste [illegible] experimenting with any other. It is equally [illegible] in all cases, young or old. For sale by all Druggists.

REDINGTON & CO., Sole Agents, 416 and 418 Front street, San Francisco.

ja1sd&w

When we consider the number of human beings that annually die with Consumption every year [illegible] the importance of a medicine that will cure all Pulmonary affections that tend to this complaint and even to check the disease after it has obtained its present [illegible] system must be admitted to be beyond all estimation. This wonderful power is claimed to be possessed by ALLEN'S LUNG BALSAM.

Proclamation!

STATE OF OREGON, EXECUTIVE DEPARTMENT, January 12th, 1865.

WHEREAS, I HAVE RECEIVED A REQUISITION from Major General Irvin McDowell, commanding the Department of the Pacific, acting under the authority of the War Department, for a Regiment of Cavalry for service for a term of years, to be raised in whole or in part by the Regiment and Company organization of the present Oregon Regiment of Cavalry [illegible] to suppress [illegible] and chastise hostile Indians in this Military District.

Now, therefore, I, Addison C. Gibbs, Governor of the State of Oregon and Commander-in-chief of the Militia thereof, do hereby call upon the citizens of this State to organize themselves into Companies sufficient to fill the foregoing requisition.

In witness whereof, I have hereunto set my hand and caused the Seal of the State of Oregon to be affixed. Done at Salem this 12th day of January, A. D. 1865. ADDISON C. GIBBS, *Governor of Oregon.*

Attest: SAMUEL E. MAY, *Secretary of State.*

Plan of Recruiting.

The Regiment will retain the name of the 1st Cavalry Oregon Volunteers. It will consist of twelve Companies; seven Companies of the old Regiment will be recruited to the minimum strength required. Five new Companies remain to be raised. A Recruiting Officer for each new Company will be appointed.

Commissions will be issued by the Governor to Recruiting Officers, conditioned that they shall recruit their respective Companies in the District to which they are assigned, and be ready to be mustered into the service within a time hereafter to be named. All the Officers for the new Companies and the First and Second Lieutenants for the old ones will be appointed as soon as the Companies are filled.

As soon as it is practicable, the State will be divided into Districts, according to the number of persons in each liable to duty [illegible] to the number of troops heretofore furnished. When each District has furnished its quota of men there will be no draft in the same under this call.

The State has provided by law for the payment of a bounty of $150, in State interest-bearing bonds payable in gold to each volunteer mustered into the service for three years, in addition to the bounties authorized to be paid by the United States.

Under Act of Congress, those who enlist for one year are entitled to a bounty from the General Government of one hundred dollars; for two years, two hundred dollars; and for three years, three hundred dollars, one-third of which is payable at the time of muster-in. Neither drafted men nor substitutes furnished either before or after the draft are entitled to bounty.

The wages of a Private soldier are $16 a month, besides clothing, equipments, rations, medicines and medical attendance, and other allowances furnished by the United States.

The pay per month is for Sergeants of Cavalry, $21; Sergeants $20; Corporals $18; Buglers, $16. A Company can be mustered in on reaching a minimum of 82 enlisted men.

All the Horses for enlisted men will be furnished by the Government.

Appreciating highly the patriotic action of the people in responding to the previous call for an Infantry Regiment, it is hoped that equal alacrity will be exhibited in raising a Regiment of Cavalry.

Organization of a Regiment.

Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, regulates and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is preferred to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supercede all similar preparations. A Greenback Case!

HAVING BEEN COMPELLED TO ACCEPT OF Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that

Jacob Mayer

Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly, under protest for the rent of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

Letter from Olympia.

OLYMPIA, W. T., Jan. 10, 1865.

EDITOR OREGONIAN:

Since the date of my last letter, the members of the Legislature have taken their holiday's recess,—spending the season in the enjoyment, or pursuit of the various amusements most accessible, according to the several tastes. Dancing, playing cards, billiards, hunting, drinking whisky, talking politics, electioneering, courting, etc., were among some of the recreations. A considerable party took a pleasure trip down the Sound, attending balls at Steilacoom, Seattle and Port Townsend.

Since the re-convening of the Legislature, on the 2d inst., numerous bills have been introduced, a few only of which are of general interest.

An act has passed to incorporate the Skookum Chuck and Cowlitz Plank Road Company. Should this company carry out the object of their charter and construct the road, it will be of immense advantage to this section of country, and an especial blessing to the traveling public, for the road at present is one of the worst on the coast, and is a terror to all who are obliged to travel over it.

A bill has been introduced to locate the seat of government at Claquato. This is, of course, a "feeler," intended to frighten the Olympia people. Should the bill pass removing the Capital—and from present indications there is a reasonable probability—it will doubtless be amended by striking out Claquato and inserting Vancouver.

An act has been introduced to establish and organize a county by the name of [illegible], from that part of the Territory heretofore embraced in the county of Ferguson, lying north of a line running due west from Priest's Rapids on the Columbia river, to the summit of the Cascade Mountains. The portion of territory lying north of this line, to be annexed to Stevens county.

There are several bills pending in the Council in which there is much interest manifested, in relation to the Cascades Portage. There is a disposition among members to watch those bills closely and guard against a monopoly of that important portage.

In joint convention, last week, the following Territorial officers were elected: Auditor, U. E. Hicks; Treasurer, Jas. Tilton; Librarian, J. C. Head. There were three Regents of the Territorial University elected, as follows: J. J. H. Van Bokkelin, W. G. Langford and John Collins. The following important military titles were conferred, by the election of E. S. Fowler, as Brigadier-General; George Gallagher, Adjutant-General; Lewis Carr, Commissary-General; U. E. Hicks, Quartermaster-General. The entire list are, of course, genuine "Copperheads."

The Democracy in this Legislature have everything their own way, as they have the power, and never fail to use it. Their acts are being recorded, and they will some day have to answer for them. Some rascally schemes have been carried through by them, one of which has been vetoed by the Governor, and by their cunning they succeeded in wheedling enough Union members to pass the bill over the veto. The Democrats now find they have carried the joke too far and would like to recant, and I think these Union men are getting tired of turning the grind-stone for them. The bill referred to is an act to define the boundaries of Pierce county, in which King county is robbed of a strip of her territory four or five miles wide. Pierce county wants to get hold of this land for the reason that it is supposed to contain valuable minerals—gold-bearing quartz.

By a joint resolution of both houses no new business would be received after the 9th, yesterday.

There is music brewing, the Democracy are getting by the ears. More anon.

Items.

The average number of letters sent by steamer and overland is about 80,000 per month.

It is estimated that fifty lives and one million of property were destroyed by the late storms on the lakes.

No printed matter is sent overland except at letter postage, but each steamer carries from 45 to 50 bags.

The blockade runners take so many seamen from Glasgow that ordinary respectable merchants can hardly get crews.

There is a money panic at Brazil, with many failures of banks and individuals. The Bank of Brazil has suspended payment.

The wheat crop of Minnesota is stated to be 2,800,000 bushels in excess this year over that of any previous crop. At the same time that young State has sent 12,000 of her laborers into the field as soldiers.

A severe earthquake occurred in Mexico on the 3d of October. At Tlascala the church was nearly destroyed, and the sacristan and his daughter buried in the ruins. In other places the shaking is said to have been violent, and much damage was done.

Some friends of General Sheridan, in the city of New York, sent him, anonymously, a most beautiful and costly set of horse equipments, with trimmings of gold exceedingly appropriate. Accompanying the equipments was a costly sabre, which is pronounced the finest in the whole army.

It now appears that though the *Albemarle* was sunk by the torpedo placed under her by Lieut. Cushing, she was not seriously injured and can be raised and repaired. As Plymouth is now in possession of our troops, that work will be done by Union hands, and the formidable ironclad soon be flying the stars and stripes.

The town of Chester, Randolph county, Illinois, on the Mississippi river, midway between Cairo and St. Louis, was visited by a terrific tornado on Tuesday, destroying property to the amount of $60,000 and several lives. The neighboring town of Randolph was also visited, though it suffered in a less degree.

During his visit to Toulon, the other day, the Emperor paid a visit to a cuirassed ram of a new form which is in course of completion, and which the French claim as superior to anything yet built in Europe or America. This new engine of war is called *Le Taureau*, lies low in the water, is round backed like a turtle, turns quick on its axis, is heavily cuirassed, has great speed, and carries a big gun fore and aft.

Paul Morphy, says the New York *Mercury*, is now in New Orleans, he having returned to his home to save his property. He was obliged to take the oath of allegiance to do it—a rather hard pill to swallow. He is an aristocrat of the first water, and like all such, fully sympathizes with the rebels. He does not play now except in private. In Paris he was several times defeated by players whom he can give odds to when in practice.

The rope trick of the Davenport brothers is an old thing, according to the King of Oude, who says that in India it used to be performed in this fashion: The performer was tied neck and feet and put into a sack the mouth of which was carefully secured; he was then thrown into deep water, from which he emerged swimming, free from both ropes and sack. A London paper urges subjecting the Davenport brothers to this test.

The Boston *Traveler* publishes a list of 103 persons in that city whose annual incomes are about $25,000, as returned under the special income tax. Ten tax-payers in the Fourth District are assessed upon incomes of more than $100,000 each, after the deductions allowed by law were made. One gentleman, Nathaniel Thayer, has the comfortable income of $365,154. There are about thirty persons in the same district who are taxed on incomes of $50,000 and under $100,000.

It is related that in the town of Richmond, Indiana, a wealthy Quaker, whose four beautiful horses were the admiration of the place, was asked to aid pecuniarily in the formation of a regiment of cavalry. He replied: "Friend, thou knowest that I cannot give thee money or horses for war—war is wicked—but as for my four horses, it is true that two will serve my needs; and, friend, I will say this to thee, that my stable door is not locked; and if I see thee on one of my horses, and thy friend James on another, I will keep the peace toward thee both."

The death of Hon. James H. Hammond, formerly Governor of and then United States Senator from South Carolina, reminds us of the fact that this eminent Southern aristocrat and nullifier never once, within our knowledge, raised his voice in favor of the slaveholders' rebellion. He was a life-long slaveholder, with the prejudices and the sympathies of his class; yet he never encouraged the rebellion, doubtless because he never believed in it. At the nod of his State he relinquished his seat in the United States Senate, but there he stopped. He foresaw the ruin which was invoked, but saw his own impotence for resisting and averting it. He therefore retired to his plantation and watched the fulfillment of his own sad forebodings until death kindly interposed to terminate his sufferings.—*N. Y. Tribune.*

MEALS AT ALL HOURS.

Portland, Nov. 28th, 1864. dtf

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys, and far-off islands of the ocean—in every nook and corner of the civilized world—is pouring in the evidence of the astounding effects of DRAKE'S PLANTATION BITTERS. Thousands and thousands of letters like the following may be seen at our office:

Rochester, Wis., Sept. 10, 1864.

[illegible] I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * *

C. A. FLAUTE."

Saint Warsaw, O., July 28, 1863.

[illegible] One young man, who had been sick and out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL."

The following is from the manager of the Union Home School for the children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH ST.,
New York, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully,

MRS. O. M. DEVOE."

[illegible] I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y."

[illegible] Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use. Thy friend,

ASA CURRIN, Philadelphia, Pa."

[illegible] I have been a great sufferer from dyspepsia and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y."

[illegible] Send us twenty-four dozen more of your Plantation Bitters, the popularity of which is daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C."

[illegible] I have given the Plantation Bitters to hundreds of our disabled soldiers, with the most astonishing effect.

G. W. ANDREWS,
Superintendent Soldiers Home, Cincinnati, O."

[illegible] The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY, Cleveland, O."

[illegible] The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y."

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATTENDED this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivaled as a remedy for the permanent cure of the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PRODUCTIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor—the medicine restores the CONSTITUTION itself, and brings it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to overestimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is sent upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS and GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton, of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the faculty that it was published in the Medical Journals, and its use recommended to practitioners. (See "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and improved nutrition of the body, is the result of the employment of Iodine. The patient recovers flesh, strength and color; his flabby, pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

ALLEN'S

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.
